

Southern Cross Pumps

Water handling equipment has been the central development and manufacturing focus of Southern Cross product line for over 130 years. The well known product range includes centrifugal pumps, multi-stage centrifugal pumps, submersible drainer pumps, borehole and pedestal helical rotor pumps, domestic water pressure systems, turbine pumps, electric submersible pumps, windmills, water storage tanks, tank stands and aerial towers.

Grundfos Pumps

Grundfos has a comprehensive range of pumps designed for large-scale irrigation projects such as farmland, vineyards and turf. Grundfos pumps can be counted on to perform reliably even in the toughest environments.

Franklin Electric Pumps

Franklin Electric offers a wide variety of water pumps, submersible motors, drives, and protective devices. Whether you need a submersible pump for a clean well water system or an industrial water pump for a larger job, Franklin has a solution.
